

W/C 1.06.2020: Learning Project - Around the World

Age Range: Y3/4

Weekly Reading Tasks

Weekly SPaG Tasks

All previous SPaG learning can be found on the [Class 2 Archived Learning page](#) of the website.

Monday- Share a story from another culture with someone at home. Perhaps you have some stories like this already or if not try reading one of [these stories](#) online. Discuss the story afterwards thinking about anything new you have learned about another country, culture or food.

Monday-
Year 3: Speech, Step 3, 'Writing Direct Speech', powerpoint slides 4 and 5 (Introduction) then slides 6-11 before completing the Varied Fluency worksheets.
Year 4: Noun Phrases, Step 5, 'Using Expanded Noun Phrases', powerpoint slides 4 and 5 (Introduction) then slides 6-11 before completing the Varied Fluency worksheets.
Please complete the first worksheet with red stars and the second sheet with blue stars, you can choose whether you want the extra challenge of also completing the third sheet with yellow stars. The answers are at the end of the worksheets so you can mark your work when you've finished.

Tuesday- Visit [Ducksters](#) and choose a region to learn about. Read about the area you have chosen and show your learning in today's Writing task.

Tuesday-
Year 3: Speech, Step 3, 'Writing Direct Speech', powerpoint slides 12-18 before completing the Application and Reasoning worksheets.
Year 4: Noun Phrases, Step 5, 'Using Expanded Noun Phrases', powerpoint slides 12-18 before completing the Application and Reasoning worksheets.
Please complete the first worksheet with red stars and the second sheet with blue stars, you can choose whether you want the extra challenge of also completing the third sheet with yellow stars. The answers are at the end of the worksheets so you can mark your work when you've finished.

Wednesday- Complete the 'African Animals' reading comprehension

Wednesday- Create your own 'Around the World' crossword puzzle! Write clues and draw the grid that the answers will fit into. The answers could be continents, countries, languages, foods, currency...anything! Ask someone in your family to try and complete it.

Thursday- Look at [flags from countries around the world](#). How many flags do you

Thursday- Choose 5 [Common Exception](#) words to learn and practise in any way

recognise? Can you name the country for each flag? Check here if you are correct! Choose one of the flags and read online about the culture, cuisine, popular sport and significant/famous people from that country.	you want to. Use chalks outside, coloured pens on paper or make up a song and dance to help you remember.
Friday- Finish off anything that isn't complete then have fun!	Friday- Finish off anything that isn't complete then have fun!
Weekly Writing Tasks	Weekly Maths Tasks
	These tasks follow the White Rose Maths scheme and the links will take you to a video lesson to watch before you complete the worksheets but you can swap between this, Prodigy and BBC Bitesize lessons on the red button.
Monday- Visit the Literacy Shed for this wonderful resource on The Blackhat .	Monday- Year 3: Tenths as decimals https://vimeo.com/420722153 Year 4: Add 2 or more fractions https://vimeo.com/420682145
Tuesday- Create an information report on the area you have been reading about. Do some extra research and see what else you can find out. Organise your information using sub-headings such as culture, cuisine, language and significant/famous people. You can include maps or any other images you think are appropriate and could create your report on paper or on a computer.	Tuesday- Year 3: Fractions on a number line https://vimeo.com/420722743 Year 4: Subtract 2 fractions https://vimeo.com/420682290
Wednesday- Discuss a holiday that you've been on or a place they've visited or somewhere that you would really like to go. Design a postcard and write about what you did there (be as imaginative as you like and include lots of description).	Wednesday- Year 3: Fractions of a set of objects 1 https://vimeo.com/420723178 Year 4: Fractions of a quantity https://vimeo.com/420682496
Thursday- Listen to some Anasi stories then write your own story featuring Anasi. What is she going to teach the reader through your story? Try creating your own book with a front and back cover and illustrations.	Thursday - Year 3: Fractions of a set of objects 2 https://vimeo.com/420723744 Year 4: Calculate quantities https://vimeo.com/420690130
Friday- Finish off anything that isn't complete then have fun!	Friday - Finish off anything that isn't complete then have fun!

Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about countries and cities around the world. Learning may focus on different cultures and traditions, famous landmarks, food and clothing.

- **Virtual Explorer** - What are the continents of the world? Where are they located? What languages are spoken in these continents? Use Google Maps to explore a continent of your choice. Show your learning by creating a poster, powerpoint presentation or travel guide for the area you are interested in and create including information about the weather, tourist locations, landmarks, traditional music, food, flags, languages spoken etc. Send pictures of your work via email or twitter and have it ready to show and share on Friday.
- **Mask Making** - Watch this [clip](#) about masks and their importance in African culture. You can read and find out more [here](#) and [here](#) . Use paper or cardboard and a range of materials around the home to design and create their own African mask. You can [look here](#) for some inspiration!
- **Dance Around the World** – Use YouTube to dance along to some different cultural dances from around the world. You could start here and learn some [Spanish Flamenco](#), or [here](#) and [here](#) you could learn dance styles from Brazil. Have a look and see what else you can find – there are loads of different ones out there. You could also design a cultural costume for your favourite dance. Tweet or email a video of your favourite dance to us.
Recommendation at least 2 hours of exercise a week.
- **Speak the Language** - Discuss with your family the links you all have to the wider world. Find out places family members have visited on holiday, work/business links or simply countries they would like to visit in the future. Have a go at learning some simple phrases in different languages from around the world and write the phrases using the colours of the flag for that country. You could start by visiting the [BBC Bitesize Modern Foreign Languages](#) website (use Key Stage 1 for a language that is totally new to you and perhaps look at Key Stage 2 resources to challenge yourself a little more).
- **Tribal Traditions** - Find out about the cultural differences, customs and traditions of an indigenous group/tribe from around the world such as the Maori people, Native Americans, the Yanomami tribe or the African Maasai tribe. Why do you think it is important indigenous people are remembered? Can you create some artwork inspired by one of the tribes?

STEM Learning Opportunities #sciencefromhome

Engineering Around the World – World’s Tallest Tower

- In 2020 the new world’s largest tower will be the Jeddah Tower, in Saudi Arabia. It will have 200 floors and will reach 1008 meters high.
- Use scrap paper and junk box materials to build a tower. You might like to search for photos of the ‘Jeddah Tower’ to help you with your design.

What is the tallest tower you can build?

Additional learning resources parents may wish to engage with

- [BBC Bitesize](#) - Lots of videos and learning opportunities for all subjects.
- [Classroom Secrets Learning Packs](#) - Reading, writing and maths activities for different ages.
- [Twinkl](#) - Click on the link and sign up using your email address and creating a password. Use the offer code UKTWINKLHELPS.
- [White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- [Times Table Rockstars](#) and [Numbots](#). Your child can access both of these programmes with their school logins. On Times Table Rockstars, children should aim to play Soundcheck for 20 minutes daily.

- IXL online. Click here for [Year 3](#) or here for [Year 4](#). There are interactive games to play and guides for parents.
- [Mastery Mathematics Learning Packs](#). Take a look at the mastery mathematics home learning packs with a range of different activities and lessons.
- [Y3 Talk for Writing Home-school Booklets](#) and [Y4](#) are an excellent resource to support your child's speaking and listening, reading and writing skills.

The Learning Projects are based on the **National Curriculum expectations** for the key stage which your child is in. It may be that your child finds the tasks set within the Learning Project for their year group too simple. If this is the case, then we suggest that your child accesses the Learning Projects which are set for the key stage above. Equally, if the projects are too challenging, then we advise that your child accesses the projects for the key stage below.
