

Class 3 Thursday 9th January

Mrs Holland went through the tasks with the children in Class 3 this afternoon. Some children have brought home a copy of the English book if they weren't sure if they could get online. Some children will have brought home a different maths sheet to complete instead of the task on here.

English: Read and summarise up to Chapter 6 of There's a boy in the girls' bathroom.

Maths: Division task on the linked sheet. If you can't print the sheet to complete it, you can copy and complete the calculations on paper instead.

Science: Follow the PowerPoint and have a go at the matching activity (don't look at the answers until you've had a go!)

There are also some videos, quizzes and fun tasks on the circulatory system here:

<https://www.bbc.co.uk/bitesize/articles/z9w9r2p#z6k88hv>

Music: Please practice playing your brass instrument for 20 minutes. Is there anyone you could play for to show your progress? Or you might want to record a video for Mrs McVey!

Extra: If you'd like to learn a song and develop your use of harmony, you could try this: <https://thenational.academy/pupils/lessons/to-develop-a-song-through-harmony-6ww3cc?share=true>
