How many groups of 12 ones can we make if we have 24 ones?

We can make 2 groups of 12 ones.

Complete the long division.

**Multiples of 14:**

$$\times 1 = 14$$

$$\times 2 = 28$$

$$\times 3 = 42$$

$$\times 4 = 56$$

$$\times 5 = 70$$

$$\times 6 = 84$$

14	7	8	4

Complete the number track and work out the long division.

----	--	--	--	--	--	--	--

We can show the multiples of **25** using a number track.

Here are the dimensions of a garden.

What is the length of the garden?

$$4,875 \div 15 =$$

Use the multiples to help you complete the divisions.
