

# Information texts

In Europe, there are four seasons: spring, summer, autumn and winter.

In spring:

- the weather gets warmer
- we start to plant seeds
- chicks hatch and lambs are born
- buds start to form on plants and trees.

## Warm up

1 What is Mum doing? Circle **one** answer.

**cutting the grass**      **planting seeds**      **playing with a ball**

2 What is Dad doing? Circle **one** answer.

**planting seeds**      **cutting the hedge**      **playing with the dog**

3 What are the children playing with?

\_\_\_\_\_

4 What starts to form on plants and trees in spring?

\_\_\_\_\_

## Summer

In summer:

- the weather can be quite hot
- there is less rain which can lead to a drought (not enough water)
- it gets dark later in the evening and light earlier in the morning.

### Test yourself

- 5 What colour is Mum's t-shirt? \_\_\_\_\_
- 6 Complete the sentence below.  
The \_\_\_\_\_ is chasing the \_\_\_\_\_.
- 7 What is there to eat? \_\_\_\_\_

### Challenge yourself

- 8 What is a **drought**?  
\_\_\_\_\_
- 9 Why might it feel like you are going to bed in the daytime in the summer months? Circle **one** answer.

the weather is hotter

it gets dark later

How did you do?
